

**bp's wider transformation is under way.** Whilst today we're mostly in oil & gas, we've increased global investment into our lower carbon businesses, convenience stores and power trading from around 3% in 2019 to around 30% last year.

## In the past 90 days we have:

- ✓ Welcomed the Noble Innovator rig at the Port of Aberdeen ahead of a contract with bp **to support activity in the Central North Sea.**
- ✓ Announced that five secondees from X-Academy, the industry-led skills organization, have been selected **to support bp and EnBW on the planned Morven offshore wind farm.**
- ✓ Announced, together with our partner, EnBW, that we've launched a study **to investigate the use of low-emission support vessels** at the planned Morven offshore wind farm.
- ✓ **Begun a five-well drilling campaign west of Shetland.** The Ocean GreatWhite drilling rig is planned to play a vital role in delivering more resources from one of our existing production facilities.
- ✓ Opened bp pulse's **fastest, most powerful and largest EV charging hub** in the UK to date in Kettering, North Northamptonshire.
- ✓ **Pledged £1.25 million in funding for Scotland's first Energy Incubator and Scale up Hub** as part of Aberdeen's Energy Transition Zone (ETZ).
- ✓ Signed a new agreement with Rontec, one of the UK's largest roadside retail networks, **to provide our market-leading fuels for the next five years.**
- ✓ Been awarded seabed exclusivity for an area off the coast of Aberdeen as part of Crown Estate Scotland's Innovation and Targeted Oil & Gas (INTOG) leasing round **to develop our first floating offshore wind demonstration project.**
- ✓ Been selected by the UK government to move to the next stage of the process **for our power and CCS and hydrogen projects** – Net Zero Teesside Power (NZT Power), H2Teesside and HyGreen Teesside.
- ✓ Announced agreement with Harbour Energy **to develop the Viking CCS project in Humberside.**
- ✓ Launched community consultations for the planned Morgan and Mona **offshore wind farms to be located in the Irish Sea.**
